

ILS Synergy DW-series Presenter lecterns

Synergy DW uses the same Universal Mounting System techniques that make the Synergy series lecterns so versatile. Cradle your all-in-one touch PC in your lectern, and use the folding stand to provide you with an optimal reading angle.

Synergy DW has been specially designed to hold a Dell 7000 Series and Lenovo all-in-one PCs, and supports 23"-24"-27" high and ultra high resolution monitors on a height- and angle adjustable arm for great flexibility.
