

ILS prides itself to build the highest quality lecterns around from thick aluminum profiles, blocks and plates, machined to a perfect fit and style. The lecterns are virtually free of maintenance for decades. In ILS products it is possible to remove a damaged part and renew it, or to make new fittings for future upgrades without affecting the rest of the installed system.

ILS Synergy GK delivers ILS quality with a smart design. The solid top of the lectern is placed on a compact, motorized wide cabinet (14U Full Rack Cabinet) with a height adjustment range up to 23 cm (9"+). Two buttons will help you to control it.

The Synergy GK is the ideal smart solution for PC presentation. A holder for the micro PC is installed inside the working surface, and the integrated VESA mount allows the installation of a monitor up to 40". This Synergy model is specially designed for the 32" WACOM 3220. This solution also provides one horizontal side table (can be upgraded to the 1 or 2 flip or sliding tables). This makes it possible to use handwritten notes, laptop, or place a document camera on it. The built-in switcher or four sockets with the type on request will be great helpers when handling connections between the main screen of the lectern and/or laptop, or other devices. To do this, there are four buttons on the top panel of the product.

There are also two USB 3.0 sockets and a holder with built-in charging cables for tablets and smartphones. The microphone socket is of the XLR shock-mount type. The cabinet has a keyboard drawer, one lockable compartment and a trap door for quick cable access.

For ease of movement and stability of the lectern during the presentation, four lockable smart castors are provided. In addition, we will be pleased to engrave your logo on the front panel of the lectern, in case of using the system in formal events!

DIMENSIONS

Width	Top: 930 mm x 610 mm Side Plate: 345 mm x 480 mm Top + Side Plate: 1275 mm Cabinet: External: width: 520 mm height: 805 mm depth: 560 mm Internal: width: 485 mm height: 160 mm (from lift to top) 430 mm (from lift to bottom) depth: 255 mm (from lift to top) 550 mm (from lift to bottom)
Height	User side: min: 970 max: 1170 mm Audience Side: min: 1095 max: 1395 mm
Weight	100 kg

INTEGRATION

Display & PC	Monitor: 32" WACOM 3220 2160p IPS; Pen; 10 points capacitive touchscreen; PC: Dell Optiplex 3070 micro Intel Core I-5 CPU; 8GB RAM; 256GB SSD;
Accessories	Switcher: ILS503 switcher or 4 x sockets (type on request) Audio: 1 x Microphone: AKG CGN 99
Features	VESA 100x100 or 100x200 mount to hold a monitor up to 40" ILS holder for micro PC installation inside working surface Ultra Wide Phone/Tablet holder 14U Full Rack Motorised Cabinet 20cm range height 6 x buttons (2 x Height control; 4 x Signal switch;) 1 x Side Table (Right) 1 x Keyboard drawer 2 x Lockable compartments (1 x Metal drop down door; 2 x Doors;) 4 x Lockable smart castors or sideways rollers
